

FINAL PROJECT

	EXCELLENT	GOOD	NEEDS WORK	POINTS	COMMENTS
TECHNICAL SKILLS 5 POINTS	5 You included all your code and output in an R Markdown document that was converted to PDF or docx. The output in the final document does not include warnings or messages. Figures in the document are the appropriate file type. You included standalone PNG and PDF versions of your final graphic. You edited your figure with vector editing software.	4 3 You included your code and output in an R Markdown document, but the output includes warnings and package loading messages. Figures in the document are not the appropriate file type. You did not include either a PNG or a PDF version of your graphic. You did not edit your figure with vector editing software.	2 1 You did not include your code in an R Markdown document or correctly export a PNG or PDF version of your final graphic.		
VISUAL DESIGN 15 POINTS	15 14 13 12 11 Your visualization expertly demonstrates the best practices of visual design, including contrast, repetition, alignment, proximity, color, typeface choice, and is generally easy for your audience to understand.	10 9 8 7 6 Your visualization generally demonstrates best practices of visual design. There may be some elements of the visualization that may be confusing to your audience.	5 4 3 2 1 Your visualization generally lacks best practices of visual design. Elements of the visualization are confusing to your intended audience.		
TRUTH & BEAUTY 15 POINTS	15 14 13 12 11 Your visualization expertly demonstrates a solid understanding of Alberto Cairo's five qualities of great visualizations and is truthful, functional, beautiful, insightful, and enlightening.	10 9 8 7 6 Your visualization generally demonstrates an okay understanding of the five qualities of great visualizations and is lacking in some aspects.	5 4 3 2 1 Your visualization generally lacks any of the five qualities of great visualizations.		
STORY 15 POINTS	15 14 13 12 11 Your visualization explores a deeper story in the raw data. You provide specific explanations of your design choices and demonstrate a deep understanding of the needs of your audience.	10 9 8 7 6 Your visualization explores a slightly more complicated story. Your explanations of design choices are cursory and demonstrate an okay understanding of the needs of your audience.	5 4 3 2 1 Your visualization does not tell a compelling story. Your description offers only surface-level insights into your design choices and audience.		
YOUR RUBRIC 50 POINTS	I will use your final rubric to grade your visualization and scale the score to 50.	—	—
